

DERs needed for MRID Studies for Pyrethrins (from 2006 EPA Registration Eligibility Decision for Pyrethrins)

https://www3.epa.gov/pesticides/chem_search/reg_actions/reregistration/red_PC-069001_7-Jun-06.pdf

| MRID number | Study type |
|-------------|------------------------------------|
| 42008101* | Acute oral LD50 rat |
| 41964801* | Acute dermal LD50 rabbit |
| 42008002* | Acute inhalation rat |
| 41964802* | Acute eye irritation rabbit |
| 41964803* | Acute dermal irritation rabbit |
| 41964804* | Dermal sensitization |
| 42925801* | Acute neurotoxicity rat |
| 41559501* | Chronic toxicity rat |
| 41327501* | 2-generation reproduction rat |
| 42478201* | Subchronic inhalation toxicity rat |
| 42212601* | 21-day dermal toxicity rat |

The studies forwarded in the August response are highlighted.

The studies for which DERs are included are marked with an asterisk (*).

Studies to be forwarded in a future response: MRID 41559501 & 42212601.
